

Benefits of using the Autoscore Card

1. Players obtain a personalised competition card which contains details of the specific course in use, tee times, competition type, Name and handicap.
2. Club can change course details such as indexes and not have to reprint thousands of cards.
4. The card system calculates count backs automatically along with rank order.
5. Players are able to view a live leader board in the club house once cards are scanned making for an exciting environment at the end of a round.
6. Members are able to view live leader boards online from the Golf Club website even before the competition is closed.
7. Members can obtain competition results from the website after a competition has closed. More details are viewable such as hole by hole scoring and grade separation leader boards.
9. The club can process closing competitions faster.
10. Member scoring statistical information is updated automatically to MiScore on the website. This provides players with hole by hole, round by round playing statistics.
11. Club can use hole by hole scoring data for future course reindexing.

If you have any questions please contact the office.
