*FOR IMMEDIATE RELEASE: Friday 15<sup>th</sup> December 2006*

### **Joondalup Resort voted “Australia’s No.1 Resort Golf Course” six years running**

Joondalup Resort has been voted as “Australia’s No.1 Resort Golf Course” 2007/08, announced by Golf Australia Magazine Wednesday evening.

Joondalup Resort Quarry/Dune course has successfully outranked its competition for six consecutive years, winning the 2003/04, 2005/06 and 2007/08 title.

Joondalup Resort Country Clubs General Manager Golf Operations Mark Duder said the team is simply overwhelmed to be awarded this accolade for the 3<sup>rd</sup> time, and feel very proud to be in such great company.

“It really was a Resort team effort, but I must single out the three influences that brought it together.

Firstly the Designer Robert Trent Jones Jnr who had wonderful vision and obviously deserves the credit for creating the ‘wow’ factor in the first place.

Secondly, our Directors for insisting on a high standard at all times.

And lastly our course superintendent Jeff Lane, his assistant Ashley Watson and their hard working staff for presenting the course in such a manner that inspires players and guests,” said Mark.

“When you actually look at the list of clubs nominated, you realise that golfers are very lucky to have such wonderful resort courses at their disposal throughout Australia,” he added.

The national biannual ranking of Golf Australia’s 25 Best Resort Courses saw Joondalup Resort rate highly in terms of its design and aesthetics, while scoring full points for the ‘wow factor’.

Joondalup Resort presents 27 unforgettable holes and is one of few golf courses anywhere in the world providing dramatic contrasts, scenic beauty and sheer golfing challenge.
