

Lake Karrinyup Country Club is one of Western Australia's leading private golf courses and is recognized as among the best in Australia. Located amongst coastal and wetland vegetation the course occupies 97 hectares and is home to many native species of flora and fauna.

WE RECOGNISE OUR RESPONSIBILITY TO THE ENVIRONMENT AND WE ARE COMMITTED TO OPERATING OUR GOLF COURSE MAINTENANCE ACTIVITIES IN AN ENVIRONMENTALLY SUSTAINABLE MANNER.

Our Environmental Policy

THE IMPLEMENTATION OF THIS POLICY IS THE RESPONSIBILITY OF SENIOR MANAGEMENT AND ADHERENCE TO THIS POLICY IS THE RESPONSIBILITY OF ALL THOSE WHO WORK FOR ON BEHALF OF OUR ORGANISATION.

SIGNED:

DATE: 01 July 2008

To undertake our activities responsibly we will:-

- Develop, implement and maintain a structured and credible environmental management system incorporating the goals of this policy;
- Constantly strive to achieve continual improvement and the prevention of pollution in our environmental performance;
- As a minimum comply with the applicable legal requirements and other requirements to which we subscribe that relate to our environmental activities, products and services;
- Continue to recognise the environmental, recreational, social significance of our golf club;
- Proactively manage our interaction with the environment by setting environmental objectives and targets and assessing our achievements;
- Develop and implement measures and technology to best manage our golf course maintenance activities to balance environmental values with the operational and recreational requirements of the course;
- Openly communicate our environmental policy to all those who work for on behalf of our organisation;
- Ensure transparency in our environmental decision making;
- Foster an environmentally responsible attitude within our club by providing appropriate training and competency assessments;
- Annually review this Policy.
