

What's News???

- Tomorrow is May Medal and the 3rd Round of the Club Championships. Good luck to all players.
- As you know, we now have 2 matches to go in this year's Major Pennant after we won the Divisional Final last Sunday 5 to 2 over The Lakes. It's been a great season for us so far and we have it all ahead of us this weekend. Our opponents are The Australian Golf Club who have an impressive line up. The guys are ready to get stuck in again this weekend and progress even further. Interesting to note that we are the 'only team' to have 7 home grown players where as 80% of every other team isn't. I guess it goes to show that loyalty and persistence do pay off.
- If you are wishing to travel out on the bus this weekend to watch, please put your name down on the list at the front desk. Last week we saw several people say they were going to attend then didn't show. Please ensure you are at the club ready to depart at 5.45am sharp. The more support we can get the better.
- The ranger is now back on course and early reports show that you guys are progressing well through the day. You will continually be monitored throughout the day by the Ranger, Staff, Pro Shop and volunteers.
- Tomorrow will again be 'grab and go'. Please respect the speed of play to ensure we all complete our round.
- Good luck to the Masters Pennant Team who will contest their 1st round at Cammeray this weekend. They will be without the services of Greg Stanford & Stefan Albinski who are playing in the Major Pennant in Camden but they still have a strong line up.

Don't forget the FREE bus that is going to Camden Lakeside for the Major Pennant Semi Final this weekend departs at 5.45am sharp

Rule of the Week

Player's area of intended stance affected by another player's stroke

Question: The balls of A and B lie near each other through the green. A plays and in doing so affects B's area of intended stance (e.g. by creating a divot hole). What is the ruling?

Answer: B may play the ball as it lies. In addition, if the original area of intended stance could easily be restored, in equity (Rule 1-4), the area of intended stance may be restored as nearly as possible, without penalty.
If the original area of intended stance could not be easily restored, in equity (Rule 1-4), the player may place his ball, without penalty, on the nearest spot within one club-length of the original lie that provides the most similar lie and area of intended stance to the original lie and area of intended stance. This spot must not be nearer the hole and must not be in a hazard

As referred to in the 2008-09 Decisions on the Rules of Golf, Decision 13-2/8.7 p174
