

## What's News???

- Tomorrow is the Qualifying Round for the Men's Fourball Knockout. If you wish to qualify, please ensure you have a 'Q' on your card prior to it being submitted at the Pro Shop. Failure to do so will result in you not being considered in the top 32 teams for the Championship if your score is good enough. All the best to you all.
- The Top Gun qualifying period has also begun. If you wish to be involved, pay your \$5 once off fee and away you go. All details for this event can be found in the usual places which are at the office, Pro Shop and our website.
- Congratulations to Michael Raseta on setting a new course record in the Medal last week. Michael's score of 66 now stands and is 1 shot better than Adam Groom's previous score of 67. Well done Michael.
- The Eric Apperly Shield team take on NSW Golf Club on Sunday in the Semi Final at Camden Lakeside. This is a much anticipated match up with NSW beating us in our 2 previous encounters. We feel we are better placed this year with all players combining very well as a Team. Our form is pretty solid and we hope to be playing in the Final new week as well. Good luck to all involved.
- Peter Bell has won the Geoff Butt Cup with his nett score of 66 in the Medal last week. A great round and well done.
- Course Conditions – you would all see that the condition of the course is fantastic. Some things to point out are that the greens will be slower around this time of year due to heavy watering etc that is required to keep our greens alive. You will notice the staff hand watering the greens throughout the next few months in the afternoons so please consider their safety when you are hitting towards them.
- Speaking of hitting up!!! A couple of unfortunate incidents have occurred recently with Members being hit. Whilst these 2 separate incidents differ, it is still an area of the game that should not be taken lightly by anyone. Many factors come into play when you are on the course, but safety is extremely important. The 2 members that were hit in the head are ok but were obviously shaken from the experience. Please ensure you take care when you are out on the course. I also ask that everyone consider that if you are waiting in or around a potential landing area that you ensure you are taking every precaution possible. Calling up or calling through assists speed of play, but hitting up assists nobody!!! Please take care on the course.
- With the qualifying players to be determined on Monday for the Fourball Knockout, please ensure you **DO** put your name on the sheet tonight, even if it is on the waiting list. When qualifying players are moved into the allocated tee times on Monday for the knockout, the waiting list will place your name into the sheet in the designated range of time that you indicate. Remember that you need to put a time range in that allows the system to rightfully place you into the sheet when a spot becomes available. As usual, we will assist you when you when you get to the terminal tonight.

### Lie in Bunker Changed by Player Taking His Stance

**Question:** In playing from a bunker, B, in taking his stance, pushed up a mound of sand behind A's ball, which had not been lifted. What is the ruling?

**Answer:** Since A's ball did not move when B took his stance, Rule 20-3b does not apply. In equity (Rule 1-4), A's original lie may be restored as nearly as possible by removing the mound of sand.
