

The Committee has decided to extend its trailing of a monthly payment system (for subscription, house account and levy) by "Direct Debit" from a bank account or "Direct Credit" to a credit card. (DDS/CCI system)

For members who wish to take up this option we would ask that you complete and return the documentation which, when signed will authorize the Club's bank to deduct payments from your bank account or credit card on the first day of each month. This will effectively spread the subscription payment over a 12-month period.

Settlement for any other charges such as Bar, Dining Room can also be included in the direct payment if you wish (i.e. the subscription installment plus other charges being deducted from your account) by authorizing monthly deductions of the full monthly balance. Members who take up this option have the convenience of not needing to make any manual payments to the club but will continue to receive a statement of their account.

There will be a charge of 1.5% to settle accounts by installments. Members who use bankcard, visa or master card will also be charged an additional 1% to recover the cost of commission payable by the club.
